## Guide Price £325,000

If you are looking for your next family home, like the idea of being a part of a village community and want a property that is energy efficient, then look no further as this three bedroom detached property ticks all the boxes. The property has been fitted with 16 solar panels that benefit from an export tariff of circa 15p per kWh, whilst a Tesla powerwall battery with 13.5 KWH storage can be found within the property. This lovely home is offered to the market with No Onward Chain, so a viewing is highly recommended to fully appreciate everything that it has to offer.

On entering you will see stairs rising to the first floor and doors off to the side. The first opens into the living room which benefits from a bay window to the front and a fireplace at its centre. There is an archway to the rear that leads into a good sized dining room which in turn gives access to a conservatory with doors out to the rear garden. The kitchen is accessed via a door from the hallway which is immediately adjacent to a cloakroom with a w/c and hand basin.

The kitchen has been fitted with a U shaped worktop that incorporates a stainless steel sink with drainer, a four ring electric hob, double oven, under counter fridge and a dishwasher. In addition, there are various storage units and a door that gives access to the integrated garage. The garage has been used to house various white goods, shelving, has a door to the rear garden and sliding door to the front.

To the first floor there are three good sized double bedrooms, the master benefitting from built in storage and an en-suite comprising handbasin with storage below, corner shower and a low level w/c. There is a family bathroom comprising bath with shower attachment, pedestal hand basin and a w/c. The loft has been boarded and has lighting.

Externally the rear garden is mature and deceptively spacious. The garden has been planted with a variety of mature trees, shrubs and colourful flowers. There are two paved areas that are connected by a gravelled path that runs through the heart of the garden. In addition, there is timber decked seating area with grape vines over, a small pond, greenhouse and vegetable growing beds. Timber fencing can be found to all sides making it extremely secure, perfect if you have young children or pets. To the front there is a raised gravelled area, a mature hedge, a path and a driveway that provides off street parking.
